

## Honourary Fellow

### Mr. Wyman LI

BSEE, MBA

Manager (Administration), Hong Kong Sanatorium & Hospital

Mr. Wyman Li is the Manager (Administration) of Hong Kong Sanatorium & Hospital (HKSH) since 2004 and is a Director of the Hospital Board since 1983. He is responsible for strategic planning and implementation of hospital projects, evaluation and acquisition of hospital equipment technology, financial management, staff recruitment and training, and directing the operation of a range of services at the Hospital, including medical physics and radiotherapy.

Mr. Li has far sighted vision and made outstanding achievement in introducing innovative state-of-the-art medical technologies in Hong Kong for the benefit of patients. He has a strong background in engineering science with a good knowledge in medical physics. He recognizes the important role of medical physicists in advanced medicine, particularly in radiation therapy and diagnostic imaging. He sees that a high standard of practice of the medical physicists both professionally and ethically is important for patient care. He advocates the need for a high level education and structured formal clinical training for medical physicists and the need for their continual professional development so as to be able to meet future service needs and challenges.

Mr. Li is a strong supporter of our Institution in promoting the advancement of the medical physics profession and the professional standard of the medical physicists in Hong Kong and the region. Our Institution appreciates the generosity of Mr. Li and Hong Kong Sanatorium & Hospital in providing the venue and related facilities for HKIPM in running medical physics training courses and certification program and in hosting scientific seminars and meetings in medical physics and related fields.

In recognition of his outstanding achievements in implementation of the state-of-the-art healthcare technologies in Hong Kong and his contributions to promoting the development of the medical physics profession, and in appreciation of his supports to our Institution in its operation, the Council of HKIPM proudly presents Mr. Wyman Li for the conferment of the Honorary Fellowship of our Institution.
